Reports from Borderland tonight indicated the situation there was quiet and that deputy sheriffs, led by Deputy J. P. Webb, were on guard duty.

"I say this telegram (the Looney message) is an insult to the intelligence of every member of this legislature," declared Representative Dupre amid the cheers of suffrage

opponents. Some attempt to obtain action on the ratification resolution may be made tomorrow but as a suspension of rules in both houses requiring a two-thirds vote would be necessary to bring up the resolution, leaders believe there is slight chance for it.

## FOUR MILLIONS OF WORKERS LOSE TIME IN YEAR'S STRIKES

(Associated Press Leased Wire)
WASHINGTON, July 7.—Strikes and lockouts in the United States in 1919 totaled 3374 and affected more than 4.000,000 workers, according to a review issued today by the department of labor. Approximately one-half of the strikes occurred in five states-New York, Massachusetts, Pennsylvania, Ohio and Illinois. Although there were 37 more labor conflicts reported last year than in 1918, the total for 1919 was considerably under that of 1916 and 1917. On the other hand, no strike in 1918 involved as many as 60,000 workers while no less than nine walkouts last year interrupted the labor of more than 60,000 each.

The department's review attributed the violence in labor conflicts in 1919 to less frequent use of strike breakers.
